A KUDA VILLINGILI STORY

The Tale of Kuda Fiyo & the Friendly Ghosts

Every Halloween, as the moon rises over Kuda Villingili, something magical begins...

One moonlit evening, Kuda Fiyo noticed tiny glowing footprints winding through the island. Curious, he followed them beneath the swaying palms until he discovered four little Friendly Ghosts who had travelled from the night sky to celebrate Halloween.

These cheerful little spirits had come to make new friends. They loved laughter, games, sweet treats and making new friends from all around the world.

Together, Kuda Fiyo and his Friendly Ghosts filled the island with magical surprises, hidden treasures, colourful pumpkins and unforgettable adventures for every young explorer.

Now, every Halloween, they return to Kuda Villingili to welcome children to their special island celebration.

This year, they're waiting for you. So turn the page....

Your Halloween adventure awaits.
